

CAMPING...

For the event we set up a camp site in the field next to the main car parks. If you'd like to bring your tent, caravan or motorhome then please be our guests.

You can arrive on the Saturday, park up in the field and set your pitch before going to the audience area. After the displays you'll spend the night in the stunning grounds.

Tickets for camping cost just £10 per adult for the night and children are free. You will also need entry tickets for the fireworks. Basic facilities - toilets and a water supply are available but no electrical hookup is provided.

More information is available on the event details page at: www.fireworkchampions.co.uk

THE CONCEPT...

Three of the UK's best firework companies compete against each other with a 10 minute firework display perfectly choreographed to music. It is then up to you, the audience, to choose the winning display via standard rate text voting. Organisers, MLE Pyrotechnics, fire a larger closing display after the voting finishes. The results are then announced.

GATES OPEN...

5:00pm

Relax in the grounds & soak up the unique atmosphere. In the hours before the shows start you can choose a spot to setup your chairs, tables and food, relax and listen to the background music and interviews with the firework teams. There will also be a selection of food and drink available to buy from the vendors on site. If you're planning to bring the kids we have a selection of fairground rides for them.

DEMONSTRATION...

9:20pm

Enjoy a real time lesson in pyromusical choreography where we'll be firing various fireworks and discussing over the PA system how they work and where they are used.

DISPLAYS...

9:50pm

The three competing teams will each fire a 10 minute display set to music with a 5 minute interval between shows. Text voting opens once the last display has fired. 10 minutes later MLE Pyrotechnics will fire a closing display which is not subject to the rules and limits of the competitors. Results will be announced afterwards.

Timings are subject to slight variation. All entry to the event closes at 8:30pm for safety reasons.

THE LINEUP...

These teams are routinely performing displays all over the country. They are very skilled in what they do and use cutting edge firework effects and methods of firing. All displays are synchronised to the split second and fired using electronic firing technology. You can learn more about what they do on the night when we interview each of the companies taking part.
